vCISO 360™ — EXECUTIVE CYBERSECURITY LEADERSHIP

CISO-level cybersecurity leadership without the full-time overhead. CISOG Technology Consults LLC provides fractional CISO leadership, strategic security advisory, governance, risk management and program oversight for organizations that need stronger security leadership and measurable cyber resilience.

WHY A vCISO?

- Executive-level expertise: Access seasoned CISO capability without hiring a full-time executive.
- Lower risk: Establish stronger security governance, risk visibility and control oversight.
- Strategic alignment: Connect cybersecurity investment to business objectives and risk appetite.
- Scalable leadership: Adjust advisory capacity as your organization and threat landscape change.
- Board confidence: Provide concise reporting, metrics and decision support for senior leadership.

vCISO 360™ SERVICE PACKAGES

WHAT YOU GET EVERY MONTH

SERVICE	MONTHLY VALUE
Strategic Advisory	Security leadership, executive decision support and strategic priorities.
Risk & Threat Intelligence	Risk review, threat context and priority security actions.

SERVICE	MONTHLY VALUE
Program & Project Management	Roadmap management, initiatives, remediation and security projects.
Metrics & Reporting	Security KPIs/KRIs, dashboards and executive reporting.
Incident Readiness & Support	Response planning, tabletop exercises and incident advisory.
Policy & Governance Oversight	Policy lifecycle, governance meetings, exceptions and accountability.
Vendor & Third-Party Oversight	Security due diligence, supplier risk and security reviews.

WHO vCISO 360™ IS FOR

- Mid-market enterprises building mature cybersecurity capability.
- Technology companies scaling products, cloud environments and security operations.
- Financial services and healthcare organizations with elevated security and regulatory expectations.
- Government and public-sector organizations strengthening governance and cyber resilience.
- Organizations without a full-time CISO that need experienced security leadership.
- Organizations with an existing security team needing strategic or transformation capacity.

FRAMEWORK & GOVERNANCE ALIGNMENT

vCISO 360™ engagements can be aligned to NIST Cybersecurity Framework, NIST SP 800-series guidance, ISO/IEC 27001, CIS Controls, COBIT and applicable industry, contractual and regulatory requirements.

OUR PROVEN APPROACH

STEP	ACTIVITY
ASSESS	Understand current state, risk and priorities.
STRATEGIZE	Develop security strategy, roadmap and investment priorities.
IMPLEMENT	Build programs, controls, governance and capabilities.
MONITOR	Measure, report and continuously improve.

CORE BUSINESS OUTCOMES

Stronger Leadership	Clear security accountability and executive decision support.
Lower Risk	Prioritized remediation and stronger security controls.
Greater Resilience	Improved readiness for cyber incidents and operational disruption.
Better Investment	Security spending linked to business priorities and measurable risk.
Improved Governance	Policies, metrics, committees and risk reporting that work together.

**STRONGER LEADERSHIP.
LOWER RISK.
GREATER RESILIENCE.**

Let CISOG be your trusted cybersecurity leader.
